GENERAL TERMS AND CONDITIONS OF SALE AND DELIVERY OF VILLEROY & BOCH AG

Dining & Lifestyle Division – Status November 2022

I. General

- These General Terms and Conditions of Sale and Delivery (hereinafter referred to as **"conditions of sale"**) shall apply to all – i. e. also to future – quotations, supply and other performance by Villeroy & Boch AG, Saarferstraße 1-3, 66693 Mettlach, including all its branches and group companies (hereinafter referred to as **"we"**, **"us"** or **"ourselves"**), to customers who are not consumers within the meaning of § 13 of the German Civil Code BGB (hereinafter referred to as **"purchasers"**); the purchaser and ourselves taken together also being referred to hereinafter as **"the parties"**).
- These conditions of sale shall, unless any other provision is expressly made, apply for the entire duration of the business relationship without its being necessary for us to make specific reference to the fact. The terms and conditions of the purchaser shall not apply unless expressly recognised by ourselves in writing. These conditions of sale shall also apply if we deliver without reservation notwithstanding knowledge of sales conditions of the purchaser at variance to our Sales Conditions.
- All arrangements agreed between ourselves and the purchaser upon conclusion of the contract shall be set down in writing in full. Our employees are not authorised to provide any verbal undertakings which deviate from the written contractual agreement.
- Sale of the products outside the European Economic Area and Switzerland is not permitted. We will inform you in good time about any additional restrictions which may also apply within this territory.

II. Quotations

- Unless designated as binding in their text, our quotations shall be non-binding and without obligation and shall not place us under any obligation to accept a given order.
- Cancellation is possible only with our consent, save where statutory rights of cancellation or rescission apply on the part of the purchaser. Our consent to a cancellation shall be contingent upon the purchaser bearing all costs and expenses accruing up to the time of cancellation and any losses which we may incur in this connection (e.g. loss of profit).

III. Prices and deliveries

- If the parties have not agreed on a price, the price shall always be determined according to our price lists as valid at the time when the contract is concluded. Unless the parties have agreed anything different, the purchaser shall, in addition to all prices in accordance with the price lists.
- In the event of any increases in costs pertaining to the object of the contract amounting to 5 % or more compared to the costs as apply at the time of conclusion of the contract, where such increases are not specifically foreseeable and where we bear no responsibility for such increases we shall be entitled to pass on the increased costs by proportionately raising the agreed price at our reasonable discretion (**price adjustment**). Such price adjustment may relate to manufacturing, wage, material, storage, energy and freight costs, insurance premiums and public charges. Any increases for a specific cost type shall be applied for the purpose of a price adjustment only to the extent to which such increases are not offset by any declining costs in other areas. We shall furnish evidence of the cost increases pertaining to price increases on request. In the event of a price increase in excess of 10 %, the purchaser shall be entitled to cancel the contract forthwith after receiving notification of the price increase.
- Deliveries shall be effected on the contractually agreed terms and conditions. In the absence of any express agreement between the parties to the contrary, deliveries shall be effected ex works (EXW according to Incoterms 2020).
- The delivery dates or periods stated in the order confirmation shall be estimated dates or periods and shall therefore be non-binding. They shall only be binding if confirmed as such in the order confirmation.
- Unless any other contractual agreement has been made, the delivery period shall begin on receipt of written confirmation of the order.
- A delivery period or date shall be deemed to have been met if the goods leave our works or warehouse or, as the case may be – if they are to be collected by the purchaser – are ready for collection prior to expiry of said date or period.
- If a non-binding delivery date or period (referred to here below in Section 7 as **"non-binding delivery period"**) is not met, we shall be deemed to have defaulted thereon when a grace period has expired and a reminder been received from the purchaser, unless we can prove that we were not responsible for our failure to meet the non-binding delivery period or effect delivery during the grace period. The length of the grace period shall be 1/5 of the nonbinding delivery period. The grace period shall begin on the first working day that follows the end of the delivery period. If the length of the grace period is not an exact number of full days, weeks or months, it shall be rounded off to the nearest full number of days (example: non-binding delivery period 27 days, 1/5 = 5.4 days, grace period = rounded off to 5 days). The non-binding delivery period is determined in accordance with Section III. No. 4.
- If a delivery period or date is not met for reasons for which we are not responsible, in particular in cases in which we ourselves have received a late or incorrect self-delivery or deliveries, the delivery period shall be extended by a reasonable period. We shall inform the purchaser without delay in such cases. If we are, furthermore, unable to render our performance within said reasonably extended delivery period for reasons for which we are not responsible, we shall inform the purchaser of the fact without delay. In such cases each of the parties shall have the right to rescind the contract within a period of two weeks beginning from the moment when we inform the purchaser. Having exercised said right of rescission we shall reimburse the purchaser without delay for any counter-performance that he may already have rendered. For the rest, the statutory rights and entitlements of the parties shall remain unaffected.
- We shall be entitled to effect partial deliveries, insofar as this is reasonable for the purchaser.

IV. Packaging

- Unless any special packaging has been agreed, the goods shall be packaged at our discretion in accordance with the standard commercial methods.
- The costs of transport packaging (e.g. euro containers, cardboard boxes or crates) shall be invoiced to the purchaser. If goods are shipped in reusable containers a rental charge or circulation fee will be invoiced. The re-usable containers shall be returned immediately to the pool via the return logistics. Any costs resulting from non-compliance with this duty shall be invoiced to

the Purchaser. The returning of packing shall be in terms of and in accordance with the applicable statutory provisions.

- Loading costs are to be borne by the purchaser as shipment costs. If goods are loaded on pooling pallets, we shall accompany the loading procedure at the roadside in direct pallet exchange with the haulage contractor. If haulage contractors or vehicles of the purchaser are used, the purchaser must provide intact interchangeable pallets. Missing pallets will be invoiced to the purchaser.

V. Shipment

- Goods will be shipped at the expense and risk of the purchaser.
- The risk shall pass over to the purchaser when the articles to be delivered are handed over to the transport company or to the purchaser himself.
- Insurance shall only be taken out at the wish and expense of the purchaser.
- Any transport damage shall be reported immediately to the transport company for verification. The purchaser must ensure that the complaint is noted in the shipment record. The shipment record provided for such cases is to be sent to us without its being necessary for us to request that it be sent.

VI. Terms of payment

- Unless any other agreement has been made, our claims for payment shall be due in full immediately upon receipt of invoice. The definitive date in determining whether or not payment has been made in due time shall be the date on which payment is actually received.
- If it becomes apparent to us after conclusion of the contract that there is a risk that the purchaser may not be in a position to fulfil his performance obligations, we shall have the right to insist that outstanding deliveries be effected only against advance payment or the provision of securities. If said advance payments have not been made or securities not provided after the expiry of a reasonable period set by ourselves, we shall be entitled to rescind all or any of the contracts affected thereby or any part thereof. The period shall be regarded as reasonable if it is at least 10 calendar days, though the purchaser shall also have the option of showing that the period was not reasonable in a given individual case. We shall in particular be entitled as above if it comes to our knowledge that the purchaser has drawn cheques not covered by sufficient funds, if cheques of the purchaser are protested, if an application is made for the institution of insolvency proceedings or if insolvency proceedings are actually instituted: the above notwithstanding our entitlement to assert further rights.
- Cheques will only be accepted following special agreement and in all cases only as conditional payment. Discount charges, collection fees and all other costs shall be chargeable to the purchaser.

VII. Retention of Title

- We shall reserve ownership of the delivered goods until such time as all payments arising from the existing business association with the purchaser have been received; said reservation refers to the acknowledged balance.
- The purchaser shall have the right to resell goods subject to retention of title in the normal course of business. The purchaser may neither pledge the goods subject to retention of title nor transfer title of them as security. The purchaser hereby now assigns to us as collateral all claims which accrue to him from the resale in the amount of the final invoice of our claim (inclusive of turnover tax). We hereby accept the assignment. The claims thus assigned to us in advance by the purchaser also relate to the acknowledged balance and, in the case of insolvency of the purchaser, to the existing causal balance. The limit of coverage for the assigned claims shall be 110 % of the realisable value of the goods sold and delivered subject to retention of title. The purchaser shall be empowered to collect the claim. Said empowerment to collect and authorisation to resell may be revoked by us if the purchaser is in breach of any of his material contractual obligations (e.g. default in payment).
- The purchaser shall inform us immediately as to any access by third parties to the goods delivered by us subject to retention of title also in the case such access is about to occur. The Purchaser shall notify any third parties accessing the goods or wanting to access the goods that such are our property. Any costs of interventions (e.g. § 771 of the German Code of Civil Procedure [ZPO]) shall be borne by the purchaser if the third party is not in a position to reimburse us for the judicial and extrajudicial costs.
- If the purchaser is in breach of any of his material contractual obligations, in particular in cases of default in payment, we shall have the right to repossess the purchase object and to visit the premises of the purchaser for the purpose of so doing. Rescission of the contract is, furthermore, immanent in any such repossession of the purchase object by us. We shall, after repossession, be authorised to exploit the purchase object commercially, whereby the proceeds from such exploitation are to be offset against the liabilities of the purchaser (e.g. damages) – minus reasonable exploitation costs. If the purchaser was culpable in his breach of the obligation that led to the rescission, he shall remit to us lump-sum compensation for the return transport of the purchase object in the amount of 5% of the purchase price. This sum may be set higher or lower if we can prove that the loss or damage was in fact greater, or if the purchaser can prove that it was in fact smaller.
- We may at any time demand information from the Purchaser, provided that an outstanding claim to us still exists, as to which goods subject to retention of title are still in the Purchaser's possession, where such goods are located and which customers took the other goods delivered by us in terms of quantity, nature and number. We shall also have the right to inspect the goods delivered under retention of title on any of the purchaser's premises, wherever the goods may be at any given time.
- The purchaser shall be under obligation to treat the purchase object with due care and to carry out any necessary servicing and maintenance work at his own expense, to insure our goods against fire and theft at his own expense, and to furnish us on request with proof that said insurance has been taken out.
- a) Any processing or remodelling of the purchase object by the purchaser will always be carried out on our behalf. If the purchase object is processed with other objects of which we are not the owner, we shall acquire co-ownership of the new thing in proportion of the value of the purchase object (final invoice amount inclusive of turnover tax) to the other processed objects at the time of processing. For the rest, the provisions governing retention of title shall apply correspondingly to the thing created by the processing.

b) As security against our claims against him, the purchaser shall also assign to us the claims which accrue to him against a third party as a result of his combining the purchase object with a plot of land.

- If the purchaser can prove that the realisable value of the securities exceeds that of the outstanding claims by more than 10%, we shall release the surplus amount if requested to do so by the purchaser.

VIII. Product characteristics

- We hereby draw attention to the following: On account of differing materials and manufacturing procedures, a series may feature variations in colour, often also depending on the lighting conditions. There may be colour variations related to printing between the prospectus/catalogue illustration and the product. Acidic and/or caustic cleaning agents may cause damage if used incorrectly. Goods labelled "seconds" will be inferior in design and quality to goods labelled "1st choice".
- We reserve the right to deliver products featuring variations to a reasonable extent in terms of finishing, colour and form in accordance with common practice in the trade.
- The possible variations in product attributes specified in points 1. and 2. apply primarily to objective requirements pursuant to Section 434 (3) of the German Civil Code (priority of definition of defects as specified in the contract under civil law).
- If the purchaser makes any subsequent changes to the goods supplied by us, in particular decorations or technical modifications, he shall not be permitted to resell them under our trademark unless we have issued our prior agreement to the changes in writing.

IX. Warranty

- Unless any other provision is made here below relating to the rights of the purchaser in cases of material and legal defects, the statutory regulations shall apply. In particular, moreover, the stringent special regulations covering final delivery of the goods to a consumer (recourse claims against suppliers in accordance with §§ 478, 445a, 445b of the German Civil Code BGB) shall remain unaffected.
- We shall be required to furnish and, where applicable, to update digital products and content related to the goods only to the extent expressly arising from a contractual agreement on product quality.
- Our guarantee is based primarily on the agreement as to product quality (see VIII. Product Quality).
- § 377 of the German Commercial Code (HGB) shall apply in respect of the inspection of the goods and notification of defects, with the proviso that the period for giving notice of obvious defects shall be five days as from delivery, whilst the period for giving notice of defects that are not obviously discernible shall be five days as from their discovery.
- If the goods are defective, we shall at our discretion be entitled either to rectify the defects (rectification of defects) or deliver defect-free goods (replacement delivery).
- The purchaser shall store and handle rejected goods in the correct and proper manner.
- We shall have the right to examine rejected goods together with an expert or other third party appointed by ourselves for the purposes of appraisal, and if necessary for the purpose of drawing up cost estimates or similar. If the purchaser fails to make the rejected goods available to us for examination within a reasonable period set by ourselves, our liability for the defects shall cease on expiry of said period.
- Warranty claims on the part of the purchaser such as are oriented toward damages or compensation for futile expenditure may stand as governed in Section X („Liability“), but shall otherwise be excluded.
- Claims arising from defects shall expire one year after delivery of the goods. Claims for damages due to intent, gross negligence, culpable injury to life, body or health and in the case of assumption of a guarantee (Section 443 of the German Civil Code) shall remain subject to the statutory period of limitation.

For goods which have in accordance with their normal intended use been used in a building and have caused said building to be defective, the period of limitation shall be 5 years as from delivery.

The provision on statutory limitation in Section 445b of the German Civil Code shall remain unaffected within the scope of application specified under IX, sub-section 1, second sentence.

- Our liability for defects shall not extend to cover damage caused by normal wear and tear (e.g. metal abrasion or wear caused by abrasive agents), deterioration in surface properties such as was unavoidable according to the accepted engineering standards at the time when the contract was concluded, improper use of the goods, non-compliance with the instructions for cleaning, care or use, or damage caused by the purchaser or a third party or parties.

X. Liability

- We shall be liable to the purchaser for damages and compensation for expenses, in each case as governed by the statutory regulations, in the following cases (here below in Section X: „Liability“): liability under the German Product Liability Act (ProdHaftG); intent or fraudulent misrepresentation; gross negligence; injury to life, limb or health; cases in which a guarantee has been given by ourselves.
- We shall also be liable to the purchaser for damages in case of culpable breach of material contractual obligations as governed by the statutory regulations. Material contractual obligations within the meaning of this clause are all obligations the breach of which jeopardises the achievement of the object of the contract and all obligations without the performance of which the contract cannot properly be fulfilled and in compliance with which the purchaser may routinely trust. However, if a material contractual obligation is breached in a way that involves only minor negligence, entitlements of the purchaser to claim for damages shall, as regards the amount, be restricted to typical foreseeable loss or damage, except in the cases covered by sub-section 1.
- If we default on or fall behind with our performance, the purchaser shall be entitled to claim against us on the basis of that default if his claim is for a contractual penalty or lump-sum compensation incurred within a supply chain in another contractual relationship in that supply chain, but only if he

GENERAL TERMS AND CONDITIONS OF SALE AND DELIVERY OF VILLEROY & BOCH AG

Dining & Lifestyle Division – Status November 2022

informed us expressly about the risk of such loss or damage prior to the conclusion of the contract. If not, the purchaser shall be entitled to claim for a contractual penalty or lump-sum compensation owed and paid by him as loss or damage caused by default only in the amount of a maximum of 5% of the net value of our order. The above shall apply correspondingly if the purchaser makes a claim against us for indemnification in respect of such contractual penalties or lump-sum compensation. The above limitations of liability shall not apply in the case of intent, gross negligence or culpable injury to life, body or health.

4. For the rest, there shall be no entitlement of the purchaser to claim for damages for whatever cause in law.
5. If our liability is restricted or excluded in accordance with the above provisions, the same shall apply to the personal liability of our legal representatives, employees, non-managerial staff and vicarious agents.

XI. Offset, right of retention

The purchaser shall only be entitled to a right of retention or a right of offset in respect of legally enforceable or uncontested claims. This restriction shall not apply to counter-claims of the purchaser due to defects or partial non-performance of the contract, where such counter-claims are based on the same contract as our claim.

XII. Industrial proprietary rights

All industrial and intellectual property rights relating to our products, shapes, illustrations, installation instructions, reports, data and other records and documents shall remain the property of ourselves or, as the case may be, our respective licensors. No rights of use or exploitation shall be granted to the purchaser relating to said industrial or intellectual property rights.

XIII. Data protection

1. We will process your personal data (e.g. name, e-mail address, telephone and fax number) solely in accordance with the relevant legal provisions, in particular GDPR. We will use your data solely for the purpose for which you furnish them to us (e.g. for handling orders and payments, for delivery of the goods) and solely for the purposes of carrying out our own business. The relevant legal basis is provided by our legitimate interest in smooth business operations and the implementation of contracts pursuant to Article 6, sub-section 1, letter f of GDPR.
2. A central CRM database helps us manage our relationships with customers, interested parties and partners. The purpose of this database is to enable us to pursue individual customer relations and to respond quickly to inquiries. The relevant legal basis is provided by our legitimate interest pursuant to Article 6, sub-section 1, letter f of GDPR in the fast and efficient processing of inquiries from customers, potential customers and partners, in the support of our processes in the areas of service, sales and marketing by an experienced and reliable partner and in reducing our own scope of work and expenditure with regard to the necessary IT infrastructure. The CRM system technical service provider is based in a third country. Data processing is safeguarded by a processing contract and the standard EU contract clauses agreed with the service provider.
3. Further information concerning matters such as your rights as a data subject and the contact details of our data protection officer are to be found in our data privacy statement at:
<https://www.villeroy-boch.de/datenschutz.html>

XIV. Applicability of German law, place of jurisdiction

1. The Law of the Federal Republic of Germany shall apply with the exception of the laws related to the International Sale of Goods (CISG).
2. If the purchaser is a businessman who concludes the contract in the context of a commercial transaction, a legal entity under public law or a separate asset under public law, the place of jurisdiction for all disputes arising from or in connection with the contract shall be the registered office of the Villeroy & Boch group company which concluded the contract. If that company does not have a general jurisdiction venue in the Federal Republic of Germany, the place of jurisdiction shall be the registered office of Villeroy & Boch AG.
